PROFILE

Driven data analyst with experience in leveraging analytical skills to extract insights from complex datasets. Currently engaged at Ysd, applying proficiency in SQL, Python, and Microsoft Excel to enhance data-driven decision-making processes. Possessing a solid educational background in computer science with a focus on data analytics, fostering a strong foundation for tackling diverse data challenges. Eager to contribute to innovative projects and further develop expertise within a dynamic analytical environment.

EMPLOYMENT HISTORY

Data analyst at Ysd

March 2025 — March 2025

Engaged as a Data Analyst at Ysd, the focus was on transforming data into actionable insights to support strategic decision-making. This role involved the extraction, cleansing, and analysis of data using a variety of tools and methodologies. Collaboration with different teams was crucial to ensure data requirements were met and to deliver impactful reports. The ability to present findings through visual aids facilitated better understanding among stakeholders.
